crime and terrorism risk is a collection of original essays and articles that presents a broad overview of the issues related to the assessment and management of risk in the new security age these original articles show how researchers experts and the public are beginning to think about crime and terrorism issues in terms of a new risk paradigm that emphasizes establishing a balance between threat and resources in developing prevention and response strategies

this issue of physical medicine and rehabilitation clinics guest edited by dr kathleen l davenport will discuss a number of important topics in dance medicine this issue of one of four issues selected each year by series consulting editor santos martinez topics discussed in this issue include but are not limited to rehabilitation of the dancer access to healthcare among dancers dry needling and acupuncture nutrition periodization in dancers choreography specific cross training for dancers mental and physical resilience in dancers pointe readiness screening dancers with disabilities special considerations for the growing dancer supplemental training in dance systematic review concussions in dancers and other performing artists and nutritional concerns for the artistic athlete

increase project value attain the goal maximizing project value is about optimizing the tradeoff between project value and business value two values that are constantly in tension between the project manager and the project sponsor in this book the author brings his wealth of experience in project management to demonstrate how to increase a project's value and ultimately contribute to the attainment of business goals from exploring the nature of value as tangible resources and moral or ethical attributes to how best to approach decision making the book offers thorough coverage of this essential aspect of project management the tools and methods the author describes include building the business case using a project balance sheet employing earned value introducing game theory for optimizing strategies this valuable reference should be on the desk of every project sponsor business stakeholder project manager portfolio manager project practitioner and functional manager

all too often organizations appoint a new ceo to turnaround their fortunes only to see a familiar pattern of failure repeated with each new strategy is this simply a case of poor leadership or are there more complex issues at play john oliver's groundbreaking book introduces the provocative concept of corporate trauma arguing that conventional turnaround playbooks often miss a critical element the lingering impact

of a past corporate crisis drawing inspiration from the biological field of epigenetics where an inherited generational trauma results from an environmental stress event corporate trauma posits that a significant organizational shock can result in adaptive and embedded dysfunctional patterns deep within an organization's cultural dna through original case studies this book offers a vital new diagnostic lens for leaders and consultants to understand why companies get trapped in a downward spiral of decline identifying the entrenched negative attitudes and behaviors that act as a hidden killer of corporate turnarounds by moving beyond the classic turnaround playbook to identify the root cause of persistent corporate failure corporate trauma offers an invaluable path to success that will drive strategic renewal and inject vitality back into any struggling organization

selection of papers presented at the third symposium on international banking and finance sponsored by the graduate school of management university of california at riverside 1989
